Upcoming 2024 Events

- ACEC Colorado Foundation Golf Tournament Fundraiser | Aug. 12 | Arrowhead Golf Course | [SOLD OUT](#)
- Engineering & Public Works Roadshow | Aug. 29 | [Clear Creek Canyon Gateway Segment](#) | [Learn More](#)
 - Experiential Learning Stations for Students (8:30-9:30 a.m.) - Middle and high school student from the Girls in Transportation & Construction program will learn from volunteer engineers and scientists about different aspects of environmental engineering that went into designing Gateway Segment, including soil and water testing, observance of wildlife, and examination of native weeds and rocks.
 - Press Conference with Elected Honorary Guests (10 a.m.-10:45 a.m.) – *Hear from invited speakers about why this project was selected to be an official stop on the national Engineering & Public Works Roadshow, including its significance to the local community, the state and to inspiring future generations of engineers. Invited guests included National Presidents of ACEC, ASCE and APWA, Rep. Brittany Pettersen, a Jefferson County Commissioner, a Muller Engineering Company Principal, and a Colorado School of Mines Engineering Student*
 - “Walk, Run & Learn 5K” (11 a.m.-1 p.m.) – *Enjoy the trail at your own pace while taking a break at any point to hear from one or more of the five guides stationed along the trail who will describe how each of the following factored into the innovative and unique engineering feat of Gateway Segment: design and construction challenges, the history of Welch Ditch and Colorado Central Railroad, special sensitivities to ecological resources, a wide diversity of recreational needs, and incorporation of sustainability and resiliency.*
